

Wisconsin HMIS Client Informed Consent and Release of Information

PERMISSION TO SHARE CONFIDENTIAL INFORMATION TO SECURE NECESSARY SERVICES

Please read the following notice and authorization (or ask to have it read to you) before signing.

This agency _____ participates in the Wisconsin statewide Homeless Management and Information System. Agencies that participate in the Wisconsin HMIS belong to an internet-based network. This network is administered by the Institute for Community Alliances. The name of the software that stores this data is called WellSky Community Services, formerly known as ServicePoint.

Benefits to Data Sharing for the Consumer	
Eliminates Duplicate intakes	Faster access to the Coordinated Entry System, resulting in receiving services more quickly
Reduces the amount of time spent answering basic questions regarding your situation	Allows agencies to focus on meeting your unique service needs
Reduces the amount of times you have to tell your story to service providers	Multiple Services can be easily coordinated and streamlined

**WellSky ensures the security of its system. Please see below for detailed information on security measures.*

Because this network is made up of many service providers in Wisconsin, you have the option to share your information with other service providers from whom you might be seeking services. Your identity and information collected in the WI HMIS will be shared, with your written consent, in the network. WI HMIS includes your demographic information and other essential personal information needed to best determine your service needs.

The computer program used for this purpose has industry standard security protocols and is updated regularly to meet these security requirements. The information you provide will only be shared with this agency, the network, and limited staff of the Institute for Community Alliances. No personally identifying information will be shared by our network with any department in the Federal Government, other than Federal departments that are providing services within our network (for example, Veterans Affairs). Personally identifying information will not be shared with any State or Federal department for the purposes of determining your eligibility in other State or Federal programs (for example, Food Share). Information collected is housed in a secure server owned and hosted by WellSky in Arizona. Limited WellSky staff have access to this server and the data for the purposes of network support and maintenance. Data collected for the network will be maintained for at least seven years from the last date of service.

The list of agencies participating in the network can be accessed on the ICA website here, [HMIS Release of Information](#). This list may change.

Please note if you grant permission for your information to be shared, that agreement will be in effect until you revoke it in writing. You may end your agreement in writing and your personal and service information will no longer be shared from that date going forward. If you do not give permission for this agency to release your information, no other agency in the network will have access to it.

Maintaining the privacy and the safety of those using our services is very important. Your record will only be shared if you give permission. You cannot be denied services that you would otherwise qualify for if you choose not to share information. However, even if you choose not to share your information with other agencies, federal and state regulations may require limited data collection for funding purposes.
